Dear Parent/Carer'

I am writing to offer your child the opportunity to attend additional support lessons after school on a Tuesday and Thursday evening each week. It is on a voluntary basis to begin with and offers your child some extra guidance and support whilst completing their controlled assessment. If your child does begin to fall behind it will then become a compulsory requirement for them to attend. In this situation your child must attend the support sessions, you will be notified by text message and a note in their journal a couple of days before so it does not cause any inconvenience.

As part of the Graphic Products course your child needs to complete a piece of controlled assessment. This piece of work is very important to their overall grade as it is worth 60% of the marks. The next year is crucial for your child and how they respond during this period will determine how successful they are in their examinations.

Following my most recent analysis of their controlled assessments, I have identified a group of Year 11 pupils whom I strongly believe would benefit from additional time, along with an opportunity for extra support with elements of the coursework.

I really hope that this is an opportunity your child will make the most of. If you require any further information, please do not hesitate to contact me at school.

Yours sincerely,

R. Brooks (Miss)
